In order for all stakeholders to have access to relevant background information and have the opportunity to comment and respond, the following methods of consultation were employed :

- (i) the full consultation document and review pack was sent to all schools in each area; local One-Stop shops, libraries and the Central Library; Wallasey Town Hall and relevant community centres;
- (ii) parents'/carers' consultation leaflets and comments forms to all parents/carers, via all schools named in the options;
- (iii) Standard letters to all the schools in the small planning areas, one format for schools named in the options and one for other schools in the small planning area.
- (iv) A dedicated web-site on the Wirral Learning Grid was established and advertised on the council web-site, the council Intranet, and in the parents' consultation leaflets and the standard letters to schools. This site provided access to all the information produced in paper form and allowed e-mail responses to a dedicated e-mail address.
- (v) Meetings were arranged for all interested stakeholders at each of the schools named in options for closure or amalgamation. These meetings followed the same format, with a presentation on the overall position and the school specific position followed by around ninety minutes of time for audience comments, feedback and questions. The meetings were attended by parents, carers, staff, governors, Ward members and various other interested persons and bodies, including Diocesan representatives where appropriate. Each meeting was chaired by the Cabinet member for Children's Services and Lifelong Learning. The dates for the meetings were in the parents' leaflets and on the specific web-site and a general notice was published in the local press.
- (vi) Opportunities were provided for other means of response. Submissions were received in paper and e-mail formats – all of which were made available before and at the Cabinet meeting, in addition to the summaries contained in the report.
- (vii) All of the relevant LA documentation produced for the consultation was shared with the Diocesan Bodies.
